

Sample Receiving Date: 15-Jun-2021 10:10PM	Final Report	Report Date: 24 Jul 2021 12:50AM
Test Name	Results	Last Results
PCR	24 Jul 2021 12:50AM	24 Jul 2021 12:50AM
		2011-01-135700
Corona Virus RT RNA PCR	Not Detected	Not Detected
SARS-Co-V2 (nucleic acid)		

Sample type: Nasopharyngeal swabs
Testing method: Realtime Polymerase Chain Reaction (PCR)

Result interpretation

Not Detected = Negative
Detected = Positive

Comments

- The test has been performed by USFDA approved and CE marked triple gene detection kit for novel corona virus. The kit detects mutant strains reported recently and results are not affected by the mutations in the virus.
- The negative result must be interpreted along with clinical observations, patient's history and epidemiological information. A single result might not exclude possibility of corona virus infection; repeat test might be required between 24-48 hours if symptoms persist. The patient should consider himself/herself as suspected case for corona virus and should remain under self quarantine and maintain social distancing.
- In case of positive result, it is strongly advised that the patient should stay at home under self quarantine and maintain social distancing. Additional tests required for timely decision of treatment are Blood CP with absolute lymphocyte count, Serum Ferritin, LDH, D. Dimer, CPK, Troponins, CRP and X. Ray chest PA view.
- A positive result after some time interval/landing in other country against a negative initial result by IDC can be due to post sample exposure to Covid-19 and IDC does not bear responsibility of this.
- COVID -19 PCR Testing has globally accepted technology and technique related limitations of false negative and positive results. We try to keep that to lowest permissible levels by using best three targets FDA approved & CE marked kits. Moreover time of sample taken and viral load are unavoidable variables.
- Passengers are responsible to fulfill destination related documents including fitness certificates, letters etc. IDC will not be responsible if passengers do not fulfill such protocol before travelling abroad.
